Tentang Perusahaan | Company Overview

PT Indonesia Renewable Energy (IRE) adalah perusahaan energi terbarukan yang berfokus pada produksi, pengolahan, dan ekspor biomassa berkelanjutan, khususnya wood pellet sebagai sumber energi alternatif ramah lingkungan.

PT Indonesia Renewable Energy (IRE) is a renewable energy company focused on the production, processing, and export of sustainable biomass, particularly wood pellets as an environmentally friendly alternative energy source.

IRE hadir untuk mendukung transisi energi global menuju energi bersih, berkelanjutan, dan rendah emisi karbon.

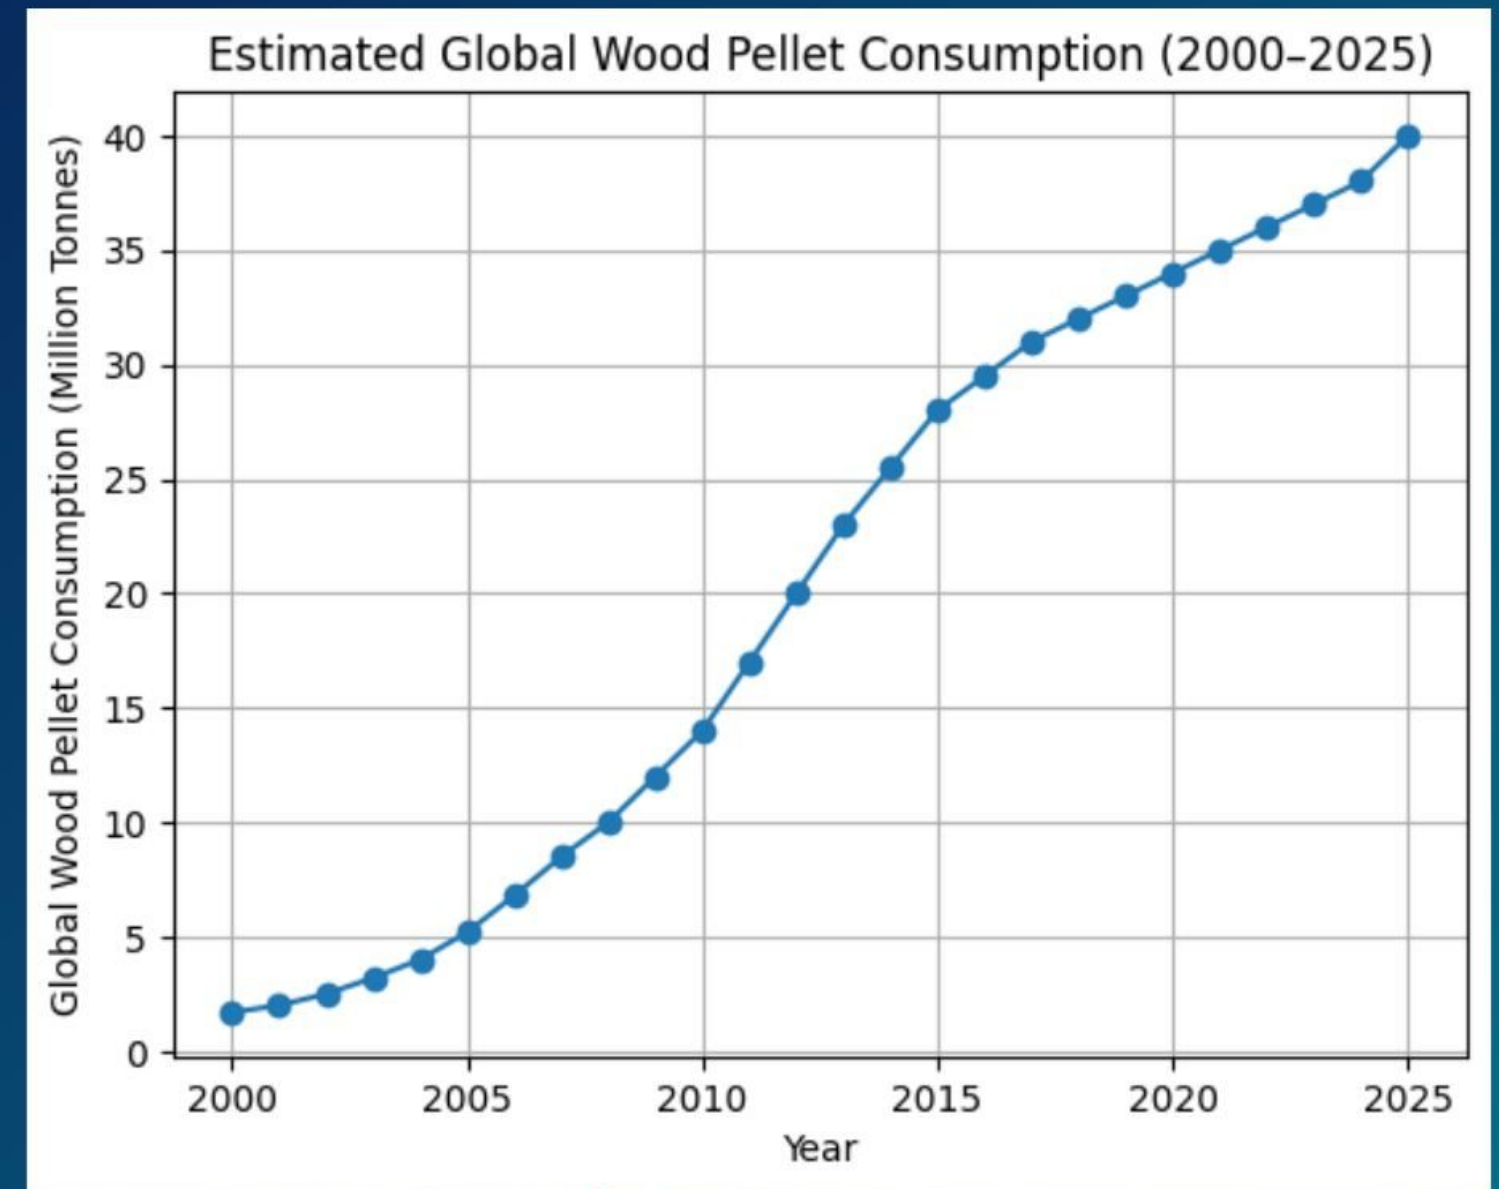

IRE is established to support the global energy transition toward clean, sustainable, and low-carbon energy.

Visi | Vision

Menjadi perusahaan renewable energy terpercaya dari Indonesia yang berkontribusi pada transisi energi global.

To become a trusted renewable energy company from Indonesia contributing to the global energy transition.

Misi

- Menghasilkan produk biomassa berkualitas tinggi dan konsisten
- Membangun rantai pasok berkelanjutan bersama mitra lokal
- Mendukung pengurangan emisi karbon global
- Menjalin kemitraan jangka panjang dengan pelanggan

Mission

- To produce high-quality and consistent biomass products
- To develop a sustainable supply chain with local partners
- To support global carbon emission reduction
- To build long-term partnerships with customers

Kegiatan Usaha | Core Business

1.. Produksi Wood Pellet | Wood Pellet Production

- Bahan baku biomassa & limbah kayu legal
- Kualitas terkontrol (moisture, density, ash)
- Cocok untuk kebutuhan industri & pembangkit listrik
- Legal biomass and industrial wood waste raw materials
- Controlled quality (moisture, density, ash)
- Suitable for industrial and power plant use

2. Perdagangan & Ekspor Biomassa | Biomass Trading & Export

- Skema FOB / CIF
- Pasar Asia, Eropa, dan Timur Tengah
- Kontrak jangka panjang & pengiriman spot
- FOB / CIF shipment schemes
- Asian, European, and Middle East markets
- Long-term contracts and spot shipments

3. Pengembangan Rantai Pasok | Supply Chain Development

- Integrasi pemasok – produksi – logistik – pelabuhan
- Pendekatan keberlanjutan & traceability
- Integrated supplier – production – logistics – port system
- Sustainability and traceability approach

Keunggulan Produk kami

Our Product Advantages

- 🔥 Nilai Kalor Tinggi | High Calorific Value
- 🌬️ Abu Rendah | Low Ash Content
- 🌱 Netral Karbon | Carbon Neutral Fuel
- 📦 Standar Ekspor | Export-Standard Packaging
- ♻️ Bahan Baku Berkelanjutan | Sustainable Raw Materials

Target Pasar | Target Market

Pembangkit Listrik Biomassa |
Biomass Power Plants

Boiler Industri & Manufaktur |
Industrial Boilers &
Manufacturing

Trader Energi Terbarukan |
Renewable Energy Traders

Komitmen Keberlanjutan | Sustainability Commitment

IRE berkomitmen pada:

- Pemanfaatan limbah industri, bukan illegal logging
- Proses produksi yang efisien energi
- Prinsip ESG (Environmental, Social, Governance)
- Dukungan ekonomi lokal

IRE is committed to:

- Utilizing industrial waste, not illegal logging
- Energy-efficient production processes
- ESG (Environmental, Social, Governance) principles
- Supporting local economies

Model Bisnis | Business Model

.....

Mengapa Memilih IRE | Why Choose IRE

- Mengapa Memilih IRE | Why Choose IRE
- Fokus penuh pada renewable energy
- Spesifikasi produk fleksibel sesuai kebutuhan pembeli
- Pemahaman kuat terhadap pasar ekspor & regulasi
- Orientasi kemitraan jangka panjang
- Pure renewable energy focus
- Flexible product specifications
- Strong understanding of export markets & regulations
- Long-term partnership orientation
